

Soiled Undies Score Sheet

Color in the parts of your underwear that were soiled (aka that are completely gone and turned into soil). Add up the squares that are left to see your soil health score.

**Your
Score:**

A+

**1-4 Squares Left:
Your soil is great!**

C

**5-8 Squares Left:
Your soil is okay
but can be better.**

F

**9-12 Squares Left:
Oh no!
Your soil needs
your help!**

Write down your observations. Why do you think you got the results you did? What can you do to better soil your undies next time?

Include a drawing of your undies on the clothes line!
