

Nature Recycles: Make and Take Worm Bin

Over \$50 in Supplies

Who: Anyone who would like a worm bin in your home or classroom. Children 5 and up are welcome!

What: Learn the essentials about worm composting using red worms and microorganisms to break down organic matter. You can bury your lunch scraps and harvest vermicompost in three to four months.

Participants will:

- ❖ Put together a bin to take home or back to their classroom.
- ❖ Learn a variety of experiments and activities.
- ❖ Receive a copy of *Worms Eat My Garbage* by Mary Applehof.
- ❖ Receive a Certificate Of Completion.

When: Saturday, May 17; 9:30a - 11:30a.

Where: Hamilton County Soil and Water Conservation District office - 22 Triangle Park Drive, Cincinnati, Ohio 45246 (tri-county area)

Cost: \$20 for Hamilton County residents and teachers, \$35 for all others. Make checks payable to Hamilton County SWCD and mail to Hamilton County SWCD, Attn: Gwen Roth, 22 Triangle Park Drive, Cincinnati, Ohio 45246.

Questions?: Contact Gwen at gwen.roth@hamilton-co.org or 513-772-7645 x13

Sponsored by Hamilton County Soil and Water Conservation District.
