Rain Barrel Art Project 2019

If you visit the Cincinnati Zoo and Botanical Garden during the month of April, you will be greeted by a large number of rain barrels. 40 of them to be precise. These barrels were painted by local artists and will be on display at the Zoo till April 25. One of these wonderful barrels could indeed adorn your garden or front lawn.

An online auction of the 40 barrels will begin on April 15 and will end on April 25 during the Zoo's Party for the Planet. To learn more about the **Rain Barrel Art Project** follow this [link](#). To learn about the **Cincinnati Zoo's Party for the Planet** follow this [link](#).

2019 Earth Day Events

One of the things we like to do is to get out in the community and talk to people about our Natural Resources. That is exactly what we will be doing this April for Earth Day. We will be at the following events:
April 18 - Cincinnati State Earth Jam

April 20 - Washington Park Earth Day
April 25 - Party for the Planet at the Cincinnati Zoo
April 27 - Greater Cincinnati Earth Day - (Summit Park, Blue Ash)

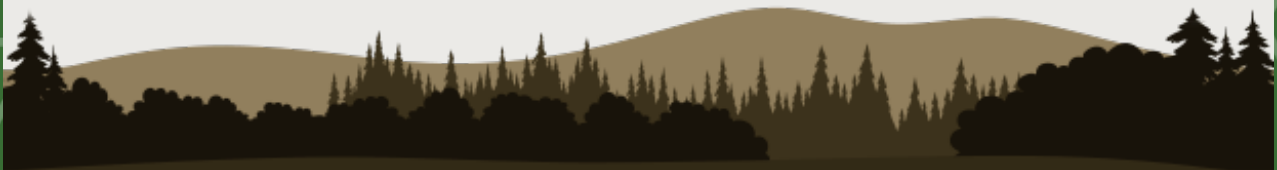

Meet the ODA Director in Butler County

ODA Director Dorothy Pelanda will host a series of informal meet and greet events across Ohio.

The meetings will present the opportunity for Director Pelanda to introduce herself, share information regarding her background and listen to thoughts and ideas from members of Ohio's food and agriculture industry.

Director Pelanda will be at the Butler County Soil and Water Conservation District on April at 2:00p. For more information on the meet and greet [click here](#).
